ABOUT

WATERBAG

COMMUNITY

OUR MISSION

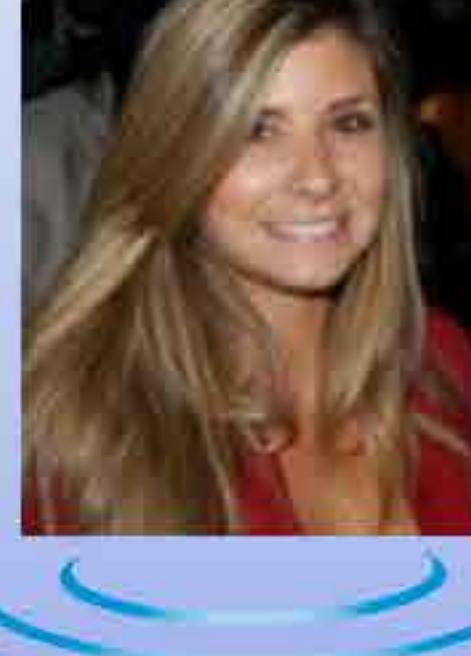

DayOne Response, Inc. develops and supplies innovative solutions for disaster relief. We increase the effectiveness of relief organizations ultimately improving and maintaining quality of life. We value prompt recovery, embrace new technologies, and take pride in saving lives.

OUR TEAM

Tricia Compas-Markman
CEO

Tricia Compas-Markman: co-inventor of the DayOne Waterbag™ and founder of DayOne Response, Inc., is an engineer with 5-years of experience working on water treatment technologies for developing countries, such as Thailand, Nicaragua, and Haiti. Her work has been recognized by President Clinton, and awarded first place in Cal Poly's Ray Scherr Business Plan Competition and Innovation Quest. In 2011, Tricia received the Creativity Foundation's Legacy Prize for her entrepreneur endeavors; attended the Unreasonable Institute in Boulder, CO; and, was selected by the Junior Chamber International Osaka, Japan as one of five candidates

Amy Cagle
VP - Sales

Amy Cagle is responsible for developing and expanding our sales outreach and driving new revenue opportunities. Amy has held various positions at several companies ranging from start-ups to Fortune 500 companies. Amy received her B.S. in Business Administration with concentration in Marketing Management from California Polytechnic State University. Amy was part of the first class of entrepreneurs invited to attend Innovation Quest, an alumni led incubator at the University. Among her many accomplishments, she was awarded first place as a presenter for Students in Free Enterprise competition and was selected to participate in the

Carson Chen
Business Advisor

Carson Chen is a driven executive responsible for creating new markets, growing multiple companies, teams, industry standards, and products from prototype to over \$1 billion sales. An electrical engineer with over 30 years of experience in the development and marketing of broadband and high-speed telecommunication technologies, Carson has held senior positions with National Semiconductor Corporation, Ford Aerospace and West Coast United Broadcasting Co. He is also a retired member of Cisco's executive team where he led teams of over 700 employees and was a true visionary. Carson is responsible for issuing over 30 United States Patents
